

CS1510 OREX Cool Hood

Probably the neatest product yet! Replaces much more expensive powered air visors at a fraction of the cost! Fits over a standard hard hat. Contains an integral fan and belt type battery pack. High confidence facial contamination protection in a single-use design. Simple to use. After use, toss in the drum with other used OREX products.

Sold in cases of 10 kits; each kit contains 3 single-use hoods, one fan unit, battery pack, batteries and belt.

(not a respiratory device)

**This hood is really COOL!!
Everyone will want one!**
